Arden W. Stewart, being first duly sworn, deposes and states as follows:

1.       I am an adult competent to testify about the matters set forth below based upon my personal knowledge. I currently reside in Uintah County, Utah. My father, Hank Stewart, and my mother, Elsie Stewart, owned the ferry at Sand Wash when I was born in 1925.

2.       I have traveled and am familiar with a road in Uintah County known as the Sand Wash Road. I am also familiar with the land the road traverses. When I first used and observed the road in the 1930s, it followed the same route as in 1998 when I last observed it. Attached is a Uintah County map showing Sand Wash Road. To the best of my knowledge and based upon my use of and familiarity with this road and the land it traverses, the location and route of the road are correctly illustrated on the attached map.

3.       I am informed that the County also identifies this road according to the road number listed above.

4.       I have observed that the road has been open to the public for all to use, to come and go as they pleased, since at least as early as the 1930s and continuing through 1976 to 1998. During this time period I have observed travel on the road by various means, including those who went by means of pick-up trucks, horses, team and wagon and Model "T" Ford. During this time period, the road has been used daily, conditions permitting.

5. During the time period indicated in the foregoing paragraph, I have used the road myself for access to the ferry which was near my home

6. During the time period described in the previous paragraph I observed vehicles using the road at various times for traveling to the ferry boat, hunting, fishing, traveling in and through the area, recreation such as camping, picnicking, hiking, and/or sight-seeing, mining, prospecting for minerals, farming, livestock operations, government access, accessing Desolation Canyon and predator control.

7. It is also the reputation in the community that this road has been open to the public for all to use, to come and go as they pleased, since at least as early as 1925 and continuing through 1976 to the present, for the uses described in the previous paragraphs.

8. I observed that maintenance and construction on the road prior to 1976 was performed by local residents and cattle men and more recently the graded surface of the road
